DECLARATION OF CE CONFORMITY

10/01/13

The Company MIXOCRO declares :

The design of MIXOCRO products is made according to the European Norms , where applicable : **EN 817 , EN 816 , EN 1111 , EN 248 , EN12165 , EN 1112 , EN 1113 , EN 200 , EN 274.**

Materials

CuZn37Pb2Ni1ALFe – CB753S UNI EN 1982 2000

Casting brass

CuZn40Pb2 - CW617N UNI EN 12165

Machining brass

CuZn39Pb3 - CW614N UNI EN 12165

Machining brass

CuZn37 - CW508L UNI EN 12165

Tubes and other applications

AISI 304

Stainless steel items and accessories

ABS

Plastic items

Zama 15

Handles and support for accessories

Cartridges

The cartridges used for the mixers are high quality, they are very strong and they resist to **50 bar water hammer**. All materials used are atoxic and high quality.

The working noise level is low, according to the European norm.

Temperature range from 5°C to 70°C

NSF – WRAS certification

Traditional head valves

The traditional head valves used for the traditional faucets are oil bath type. It's possible to use also the ceramic type, which are very high quality and very strong.

All materials used are atoxic and high quality. The working noise level is low, according to the European norm.

NSF – WRAS certification

Aerators

Made by high quality materials and designed to reach the maximum flow rate, minimum noise and long life. A lot of our aerators are certified.

Mixers water conservation 1 minute/7-12 Liter

NSF – WRAS certification
